Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Wailua/Kapaa Wastewater System Project. The entity to receive funding for this project is the County of Kauai located at 4444 Rice Street Suite 275, Lihue, HI, 96766. This program will ensure continued integrity of the collection and conveyance system, identify if any areas require repair/replacement, before expansion adds more raw effluent flow. This collection system conveys raw wastewater to the County treatment plant so it can be treated and used to irrigate the land. This project will expand the sewer collection system and connect more houses to the current sewage collection system so more affordable housing can be developed.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely

Kaiali'i Kahele
Member of Congress
